EDUCATION

University of California, Los Angeles, BS in Mechanical Engineering Sept 2023 – June 2027

- GPA: 3.57/4.0
- **Coursework:** Manufacturing, Statics, Thermodynamics, CAD, Circuits
- Expected Graduation: June 2027

ENGINEERING EXPERIENCE

Ergonomics Project Engineer, Baja SAE – Los Angeles, CA *[Documentation]* Sept 2024 – Present

- Increased potential driver range by 15% through development of movable driver models with clearance shells in SolidWorks
- Optimized driver comfort and agility through the utilization of an ergonomic jig which collects driver anthropometric data for cockpit layout
- Produced full CAD assemblies and technical drawings for fabrication

Science Communication Lead, International Genetically Engineered Machine Foundation – San Diego, CA August 2020 – August 2022

- Volunteered as lecturer for two summer camps and voted as best counselor
- Developed curriculum for young students, and Co-authored *Power of Synthetic Biology and Biochemistry*
- Contributed to a Gold medal-winning team, nominated for Best Education and Best Wiki (2021)

PROJECTS

Ergonomic Drawers *[Documentation]*

- Modeled and fabricated adjustable-height drawers to improve user posture and leg comfort
- Collaborated on CAD assemblies and detailed technical drawings for fabrication
- Tools Used: SolidWorks, ANSYS, Hand Tools

Faraday Cage Bed *[Documentation]*

- Designed and analyzed a bed-frame integrating structural support, hinged access, and programmable LED wake-up system
- Tools Used: SolidWorks, ANSYS, Arduino IDE, ESP32

Personal Website *[Repository]*

- Developed a personal website hosting portfolio and engineering projects
- Tools Used: HTML, CSS, JavaScript, Gemini

WORK EXPERIENCE

E-Commerce Associate, Whole Foods Market – San Diego, CA July 2025 – September 2025

- Averaged 90 units/hour, exceeding performance targets by 10%
- Collaborated with a team of 10+ to ensure accurate, on-time order fulfillment in a high-volume environment
- Recognized with a return offer based on reliability and performance

Tutor, Kupanda Kids – San Diego, CA October 2020 – June 2021

- Volunteered to provide one-on-one tutoring in math and English for underprivileged African refugees

SKILLS

Design & Simulation: SolidWorks, Fusion 360, ANSYS

Programming: MATLAB, Python, C++, Arduino IDE

Manufacturing & Fabrication: Welding, 3D Printing, Laser Cutting, Machining

Collaboration & Tools: MS Office, G Suite, Slack
